

From October 1959, MAJ Merrill Sheppard commanded the **STRAC Sport Parachute Team**, which was re-designated the **US Army Sport Parachute Team** in 1960. In 1961, signs got repainted again when the team was activated as the **United States Army Parachute Team**. The following is a chronological list of the Commanders and First Sergeants/ Sergeants Major. Since tour assignment lengths differ, the listed commander did not necessarily serve with the senior enlisted soldier identified on the same line of the text. [source: unknown]
